EAST ASIA REPORT

Asia Continent

FIELD NOTES

This was our second year to partner with the Berean Fellowship to try and reach the Catamount people of China for Christ. We were also blessed to have three Chinese Americans join us on this Expedition. Kelly and Jenni Jessen joined us from Thailand, to lead the trip and to coordinate our efforts with the Baptist missionaries who have been working there for fifteen years.

FRUIT

Two service projects in two different areas were completed while the evangelism teams went through the villages in both locations sharing the gospel. Many significant conversations were had and over 100 gospel presentations were made. There were also 27 follow-up visits made by Brent and Valery Harwerth. All were warmly received but in the

end no one accepted Christ. We believe that God's word will not return void and that people will come to know Him, in God's timing, through the power of the Holy Spirit.

BEREAN'S IN THE FIELD

Through the faithful service and perseverance of the Bereans, e3 Partners, the Baptist missionaries and the American Chinese church, we believe the seeds that were planted will bear fruit, in God's timing. We want to thank the following Bereans for their faithful service on this expedition to China:

Engage in making disciples and Community Transformation in Thailand

Asia Focus—Thailand

This is a new work in the continent of Asia with the goal of starting church planting movements and empowering nationals to make a difference in their own country. There is a big need for the Gospel and strong discipleship through local churches in Thailand. Many people groups have never heard the Gospel and live in a strong traditional religious system. The goal for this trip will be to build on the momentum the previous expeditions and fight many of the injustices in Thailand by working at the source - in local villages through the local church.

We look to use different tools like sports, community transformation, and the HIV cube to build goodwill with the villagers and build relationships so the Gospel can be received clearly.

Join us on this adventure as God desires to make His name famous among the beautiful people of Thailand and build His Kingdom through the obedience of His people [us]!
